

OTHM Level 5 Extended Diploma in Project Management

Qualification Number: 610/1776/0

Overview

The objective of the OTHM Level 5 Extended Diploma in Project Management is to develop a learner's practical project management skills and prepare them to work in a wide range of contexts.

Learners will study level 4 and 5 units, worth 120 credits per academic year with a total credit value of 240 credits (equivalent to the first 2 years of an honours degree).

The Level 4 units provide an introduction to relevant project management principles and practice. These units include both theoretical and practical content, and learners will be able to gain knowledge and skills in the areas of project management, people management, and business finance as well as business marketing. They will also learn about the importance of reflecting on their current practice, identifying their own learning needs and professional development.

The Level 5 units give learners the opportunity to progress in specific subject areas. Learners will develop and enhance knowledge and skills in the areas of operations management, project quality management, business strategy, responsible business practices, project planning and execution and digital business practices.
